## Experience

### **.NET Software Developer at TIC Mural / Infoport Valencia**

*Valencia (Spain)*

September 2009 – July 2010

I performed tasks throughout the whole software development cycle, from meeting with customers and gathering requirements, to programming, testing and deploying the applications. I developed mainly database-driven WinForms applications using VB.NET, Entity Framework, SQL Server 2008 and Visual Studio 2008. I worked in an Agile environment with Scrum and Kanban, individually and in small teams of developers. Occasionally, I supervised junior developers.

### **Research Assistant at Linköping University**

*Linköping (Sweden)*

December 2008 – January 2009

As a continuation of the work I did during my master thesis, I developed a complex digital image processing computer-vision oriented software using MATLAB.

## Education

### **Master Thesis Under Erasmus Agreement at Linköping University**

*Linköping (Sweden)*

October 2007 – November 2008

The main objective of the master thesis was to research the relationship between stem cell morphology and stem cell differentiation. As a result I developed a software application based on digital image processing to support this research using MATLAB. During this period, I was a member of the OBOE research center (oboe.nu)

### **MsC In Telecommunications Engineering at Universidad de Oviedo**

*Gijón (Spain)*

October 2001 – October 2009

Some of the most interesting subjects were:

- **Communications:** Mobile Communications, Antennas, Radar, EM Fields, Radiation, Optic Communications, Digital Signal Treatment, Digital Communications
- **Computer Science:** Programming, Data Structures and Algorithms, Networks, Computer Architecture
- **Electronics:** Communications electronics, High-Frequency Devices, Digital Electronic Systems, Analogic electronics

#### Programming Skills

C++, C#, VB.NET  
Java  
Matlab  
Visual Studio IDE  
Eclipse IDE  
Android Dev  
XNA Framework

#### Web Development

HTML, CSS, JS  
jQuery  
ASP.NET MVC  
Silverlight  
PHP

#### Databases & Tools

SQL Server  
MySQL, SQLite  
Entity Framework  
LINQ To SQL  
NHibernate  
SVN, Git

#### Other Skills

Agile Dev  
Scrum, Kanban, XP  
TDD / BDD  
UML  
Native Spanish  
Fluent English  
Basic Swedish
